

Shingo Discover Excellence Workshop
Tosara, Baldoyle, Dublin; Ireland
14-15 June 2016

SISU CONSULTING GROUP

The Host Site:

The host site, Tosara Baldoyle, was formerly part of the Allergan group and was recently acquired by TEVA. Tosara are the world's main manufacturer of Sudocrem.

Sudocrem was first developed in Dublin more than 80 years ago and the brand has grown since then to become the 2015 Consumer Superbrand product, on sale in 45 countries .

There are now 2 formulations prescription and non-prescription both of which are manufactured at the site.

The site has been on a journey towards Enterprise Excellence for several years and is planning to challenge for Shingo recognition within the next 12 months.

Despite several changes in corporate ownership in recent years the site has maintained a clear focus on continuous improvement and exemplifies the Shingo Guiding Principle of constancy of purpose.

NOTE: Day 1 of the workshop will be held at the Hilton Hotel, Dublin Airport and Day 2 will be held at the host site.
